## About Us

### In Excellous:

Our trading activities are handled by our group companies - **India Electronics Pte Ltd (IEPL)** and **Global Electronics (GE)**. This ensures that we maintain a high standard of quality and efficiency in all our operations.

At IEPL and GE, we excel in providing comprehensive sourcing and selling solutions tailored to meet the diverse needs of our clients across the globe. Our mission is to simplify procurement and supply chain management through our extensive range of services.

### Our Core Activities:

- **One-Stop Shopping:** We offer a seamless shopping experience, ensuring all your electronic component needs are met in one place.
- **Stock Support:** With strategically located stock support in India, Singapore, the USA, and Europe, we ensure quick and efficient delivery.
- **Global Trading:** Our operations span across multiple currencies, including INR and USD, making transactions easy and convenient for our international clients.
- **Consolidation & Kitting:** We specialize in consolidation and kitting services, streamlining your supply chain and reducing lead times.
- **Drop Shipment:** Our drop shipment capabilities allow us to deliver products directly to your end customers, saving you time and resources.
- **EOL & Obsolete Parts:** We have a strong focus on end-of-life (EOL) and obsolete parts, providing you with hard-to-find components to keep your operations running smoothly.

### Why Choose Us:

At IEPL and GE, we are committed to delivering excellence and reliability in every aspect of our service. Our global presence, extensive stock support, and expertise in sourcing both current and obsolete parts make us a trusted partner for your electronic component needs. Join us for a hassle-free, efficient, and cost-effective sourcing experience.
